DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on 09/27/2007 is acknowledged. The applicant's arguments have been accepted by the Examiner. Claims 1-26 are pending in the application.

Allowable Subject Matter

2. Claims 1-26 are allowable.
3. Claims 1 and 16 are allowable because none of the prior art documents teach of a system or method for detecting position deviations of an object having a curved surface, comprising, a first body having at least a portion thereof that is substantially transparent to light positioned proximate the first lens and configured such that the first optical axis extends therethrough, whereby at least a portion of the reflected light passes through the substantially transparent portion of the first body, and a moveable support configured to support the object and operable to move the object in at least a first axis that is parallel to the first optical axis, in combination with the rest of the limitations of the respective claims.
4. Claims 2-15 and 17-26 are allowable because they are dependent on claims 1 and 16 respectively, or an intermediate claim and they include all the allowable limitations of the respective parent claim(s).
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
